

To: whom it may concern

Date: 28 August 2017

Subject: Discontinuation SIBIR and special offer on stock units

Dear customer,

We herewith inform you that we decided to stop commercializing our SIBIR range by November 15, 2017.

As substitution, we will propose the B Medical Systems absorption models, which you can find in [this catalogue](#). For any inquiry for these products, please feel free to send an e-mail to info@bmedicalsystems.com.

For the last quantities of our models V110GE (LP gas/electricity) and V110KE (Kerosene/electricity), we currently have in stock, we are pleased to make a special offer at following ex-works prices:

V110GE: 800.00 Euro, without VAT

V110KE: 1'100.00 Euro, without VAT

This offer remains valid while stocks last.

You can still order our models V170GE (LPG/electricity or butane gas/electricity) and V170KE at current export prices. Firm orders have to be received latest by November 15, 2017.

Please feel free to contact Ms. Amanda Nellen at amanda.nellen@sibir.com for any inquiry or questions, you may have.

Yours faithfully,

Luc Provost
CEO
